

What are Comet Cabs?

Comet Cabs are our inner-campus shuttle service. They are free to ride and offer a quick trip to different areas of campus.

How can I catch a Comet Cab?

You can wave down a Comet Cab at any safe point along its path that doesn't obstruct traffic, like at a crosswalk or stop sign, and be dropped off at any safe point on its route.

Where do Comet Cabs go?

Comet Cabs travel all over campus, but they have to stay on their designated route and can't go off course. There are currently six Comet Cab routes. Check the other side of this page for our route map.

When do the Comet Cabs run?

Comet Cabs have a daily operating schedule, but do not follow a set schedule for each stop. Each route has its own hours of operation, which can change at different times of the year, sometimes running less during the summer semesters, or when classes aren't in session. Be sure to check our website often for schedule changes. Generally, the routes run as follows:
